## Forty-Two Killed Result Collapse Huge Grandstand

**CRASH CAME IN BUCHAREST AS 50,000 KNELT PRAYER AT SCOUT REVIEW**

BUCHAREST, Rumania, June 8.—(P)—While 50,000 people knelt in prayer, a grandstand at a Boy Scout review collapsed today, killing 42 persons by unofficial count.

An official statement said only three persons were killed with more than 100 hurt; police said 30 were dead and several hundred injured; the latest unofficial figure showed at least 150 hurt in addition to those killed.

King Carol, Crown Prince Mihai, and the Dowager Queen Marie, saw the catastrophe.

The grandstand fell as 30,000 spectators and 20,000 Boy Scouts knelt in prayer in a religious service preceding the projected review, which was called off.

The shrieks of the injured drowned out the voices of the priests intoning the service through loud-speakers.

A rigid censorship was immediately imposed to prevent panic over the tragedy from spreading through the rest of the country.

The stand which crashed was almost directly opposite the royal reviewing stand. King Carol and his young heir, Prince Mihai, ran to the scene with President Edouard Benes of Czechoslovakia and Prince Nicholas, brother of Carol.

They plunged in person into the rescue work.

The king aided officers in commandeering automobiles to take the injured to hospital.

Mihai, pale and apparently almost at the point of fainting, sought to aid the screaming victims, struggling in the wreckage.

## Men Charged With Conspiracy Defraud Acquitted Monday

**CORSICANAN AMONG THOSE DECLARED INNOCENT OF CHARGES IN CASE**

WASHINGTON, June 8.—(P)—A District of Columbia supreme court jury today acquitted seven men of charges of conspiracy to defraud the government in 1934 during consideration of plans for a \$4,863,000 irrigation project in Willacy county, Texas.

The defendants were: William A. Harding, former member of the Willacy county district board; Frank P. McElwath, Corsicana, Texas, contractor; Perry A. Welty and Charles R. Olberg, former PWA engineers; and L. C. Hammond, W. J. Cole and James P. Barry, San Francisco lumbermen.

They were acquitted of accusations that they had attempted to induce the PWA to substitute California red wood in construction of a conduit for a Rio Grande irrigation system after PWA had allowed money conditionally to the Willacy county water control and improvement district number one.

The verdict was 11:27 a.m. (E.S.T.) today after the jury had deliberated since 3:43 p.m., last Friday. The trial started April 20.

Four Major Contentions.

The government predicated its case on these four major contentions:

1. That the defendants conspired

## Site of G. O. P. National Convention in Cleveland

Republican delegates, candidates and party leaders converged on Cleveland Monday for the opening of the Republican national convention Tuesday. Unprecedented interest is forecast in this year's convention by the number of leaders who have already arrived in Cleveland. Above is a picture of the Cleveland Public Auditorium, where the sessions of the convention will be held, starting at 10 a. m. Tuesday.

## Texas Republicans in Denunciation of Administration

**R. B. CREAGER, DELEGATION LEADER, OUTLINES PLATFORM IDEALS**

By DONALD A. YOUNG

CLEVELAND, June 8.—(P)—Texas Republicans decided today to cast their 25 votes for Governor Alf M. Landon of Kansas as presidential nominee "on the first and other ballots."

Stating and shouting, the Texas caucus, unanimously instructed R. B. Creager, Texas national committeeman, to support the Kansan.

At Creager's suggestion, the caucus deferred action on a vice-presidential candidate.

The Landon action was suggested by H. E. Exum of Amarillo, who termed him the best available man "to fill the bill."

The delegation re-elected Creager and Mrs. Lena Gay More of Brownsville, national committeemen. Orville Bullington of Wichita Falls was selected the Texas member of the important platform committee. Other choices: Credentialed, C. J. Breckenstein, of Beaumont; Carlo Watson of Brownsville, rules; C. O. Harris of San Angelo, party organization; Exum and R. W. Humphreys of Galveston to notify the presidential and vice-presidential members of the convention; J. W. Bass of Austin, honorary vice-chairman of the delegation.

Exum also was selected vice-chairman of the delegation.

Those rejected were John O. Douglas of Houston, candidate for attorney general; Jefferson T. Baker, aspirant for the nomination as commissioner of agriculture, and B. M. Hatfield of Fort Worth, who filed as a candidate for governor.

The committee held that Douglas' application arrived too late and was not sworn to as required by law, and that those of the others were not accompanied by the \$100 filing fee.

Douglas said he might file a mandamus suit in an attempt to force listing of his name on the ballot.

## Yugoslavia In Stunning Davis Cup Surprise

PARIS, June 8.—(P)—Yugoslavia sprang a stunning upset in European-zone Davis Cup tennis competition today, eliminating France, the heavy favorite, three matches to two.

Trailing two matches to one at the start of the last day's play, Yugoslavia captured both of the final singles matches with Ferenc Fencsik scoring the decisive triumph over Christian Bousquet, No. 1 French star.

Puncce fought off match point in the tenth game of the fourth set and went on to win at 3-6, 4-6, 7-5, 6-1.

Earlier in the day, Josef Pallada had won from Bernard Destremont, 6-2, 1-6, 6-4, 8-6 to square the series at two-two.

## Stoll Kidnap May Be Sent to Alcatraz Prison

WASHINGTON, June 8.—(P)—Sanford Bates, director of the federal prison bureau, said today that transfer of Thomas H. Robinson, Jr., kidnaper of Mrs. Berry V. Stoll to the Alcatraz Island, Calif., penitentiary, is being considered.

First sent to the penitentiary at Atlanta, Ga., after being sentenced to life imprisonment, Robinson now is in prison at Leavenworth, Kas.

## Landon Boom Is Considered Much Out of Ordinary

**PRACTICALLY UNKNOWN HAS BEEN ROCKETED SKYWARD IN FEW SHORT MONTHS**

By BYRON PRICE

Associated Press Staff Writer.

CLEVELAND, June 8.—(P)—Wherever it is headed, this Landon boom must be recorded in the annals as one of the political miracles of the age. That in fact, is one of its present embarrassments.

Drawing on the memories of a sizeable succession of national conventions, it is easy to see why both friends and foes of the governor of Kansas regard his flight into the ether of heights of popularity as something unprecedented and phenomenal, obeying none of the ordinary laws of gravity and aerial navigation.

The many old-timers now assembled in Cleveland have seen in years past, the futile efforts of a long string of presidential aspirants, who sought by every means known to science to pump themselves skyward. Most of these men started with national reputations, campaigned vigorously, spent far more money than they could afford, and got nowhere.

Imagine the confusion of these sages and prophets at the spectacle of a Midwestern governor unknown personally to the vast majority of the leaders of his party, and unpracticed in the ways of national politics, gliding serenely through the clouds at will propelled by magic.

Causes Bewilderment.

There are those in this city to day to whom this performance appears as exasperating as it is unusual. Other reasons figure.

## Seek Election Byrns' Widow to Congress Seat

NASHVILLE, June 8.—(P)—Governor Hill McAllister was asked today to call a special election for the purpose of electing Mrs. Joseph W. Byrns to fill the unexpired term of her husband, the late speaker of the house.

Former Attorney General Richmond M. Atkinson, one of 14 persons qualified to make the call, addressed a letter to the governor suggesting Mrs. Byrns be "elected without opposition" to complete the term ending this year.

## Workers of France Win But Strikes in Mines Start Over

By RICHARD G. MASSOCK

Associated Press Staff Writer.

PARIS, June 8.—(P)—Coal miners in Northern France numbering 150,000 called a general strike today a few hours after 1,000,000 other workers had won a complete victory in the "folded arms" strike to work.

Workers in Paris building trades also began a walkout to enforce the five-point agreement which ended the 14-day strike after Premier Leon Blum's "new deal" government interceded for conciliation.

The coal miners, who declared they would rather "strike and starve than work and starve", occupied pits and offices in the

## State Democratic Committee Meets Check Candidates

**COMMITTEE TURNED DOWN THREE APPLICANTS FOR PLACES ON STATE TICKET**

DALLAS, June 8.—(P)—Three applicants were refused places on the July 25 Democratic primary ballot by the state executive committee today.

Those rejected were John O. Douglas of Houston, candidate for attorney general; Jefferson T. Baker, aspirant for the nomination as commissioner of agriculture, and B. M. Hatfield of Fort Worth, who filed as a candidate for governor.

## 80th Birthday Is Observed by D. N. Rice Monday

**PROMINENT IN BUSINESS AND SOCIAL AFFAIRS OF CITY FOR MANY YEARS**

D. N. Rice, one of Corsicana's oldest business men, celebrated his eightieth birthday Monday by spending some time at his new office quarters on the second floor of the Mays building after an illness of several months, and asserted that he was starting on a "new lap" and expected to see as many changes in the future as he had in the past.

As a climax to a varied career, Rice has engaged in the insurance business in Corsicana for the past twenty-three years, and for the greater part of the past half century has been a resident of Corsicana.

"I've gone up to Dallas to live for a year or so at a time but I've never found a place that I liked as well as Corsicana, so I came back home," he said Monday afternoon.

The octogenarian was born on June 8, 1856 in Louisville, Kentucky the son of a Presbyterian minister. His father was an ardent southerner and was forced to leave the bordering state by his convictions during the Civil War and most of

## South Chinese Army Plans March Against Japanese

CANTON, China, June 8.—(P)—The Canton (South) Chinese government has decided to send an army against Japan in North China with or without assistance from the Central (Nanking) government. Gen. Lo Chung-Jen asserted today.

General Li, commander in chief of the Kwangsi forces, urged officers and men throughout the republic to "spend blood freely for the cause of anti-Japanese national salvation."

His statement was supported by Lo Wen-Kan, former foreign minister of the Nanking government, who declared "resistance is the only way to deal with Japan's invasive aggression."

Foreign observers in Canton viewed the situation gravely. Some believed the South government's financial situation is so serious the military officials seized the occasion to appeal to the people for more funds on the pretense Japan is threatening the nation's existence.

Others expressed the view that Canton, with 150,000 well trained and well-equipped troops and more than 100 modern airplanes holds the republic's faith in its hands.

## Three Dead, Ten Injured In Auto Crash at Pecos

PECOS, June 8.—(P)—A head-on automobile collision near Pecos left three persons dead and 10 injured today.

The dead were Eleanor Hon. 19, Chattanooga, Tenn.; Ruth Williams, 8, Santa Anna, Calif., and D. J. Sawyer, 53, Santa Anna.

Seriously injured was C. O. Hon of Chattanooga, father of Eleanor. Five others in the car, members of the same family, were hurt less seriously.

Four persons riding in the other car also were injured.

Royce Blackman, state highway patrolman, was told that Sawyer was riding in the Williams car. The Hon family rode in the other car.

The collision occurred on the highway at 4:30 a. m. yesterday.

## Fourteen Insane Criminals Escape Minnesota Prison

**BREAK LED BY CRAZED KARPIS-BARKER GANGSTER; HUNT UNDER WAY**

ST. PETERS, Minn., June 8.—(P)—Identification of two men captured this morning at St. James, 50 miles from here, as members of the 16 criminally insane men who escaped from the state asylum Sunday night, reduced the number of those still missing to eleven.

Three others had been captured previously. Still unaccounted for was Larry Devol, insane Barker-Karpis gangster, confessed killer of two Minneapolis policemen, who was listed as the "brains" behind the spectacular break.

Melvin Fassett, chief of the state crime bureau, announced these recaptured at St. James were Tom Delargo, alias Holloway, 24, committed on a robbery charge, and David Rhoades, 33, committed from Minneapolis.

Sheriff J. C. Bernel of Watton county was responsible for the latest capture. Informed two "suspicious looking" men were trying to get a ride nine miles from St. James. Bernel rushed to the scene, persuaded a farmer to pick them up and drive them into the hands of a posse waiting in the town.

Meanwhile, authorities over a wide area pursued the eleven missing insane convicts. National guardsmen were recalled from duty

## Republican Party Leaders Ready for Convention Opening

**STOP LONDON MOVEMENT SEEMED TO BE LOSING STRENGTH MONDAY**

By EDWARD J. DUFFY

Associated Press Staff Writer.

CLEVELAND, June 8.—(P)—Leaders of the already-booming Landon campaign, working at top speed among arrivals for the republican convention, claimed new encouragement today from two directions of the opposition.

Senator Borah of Idaho, newly arrived from Washington, shunted aside the leadership of a "stop Landon" drive which was his for the asking. But he still insisted "nothing has been settled" finally about the ticket or the platform.

For the first time, a concession came from the belligerent headquarters of Col. Frank Knox of Illinois. He was spoken of there as "a definite second choice" with a chance yet to win out if Governor Alf M. Landon of Kansas fails to go over on the first three ballots.

"I don't want to go into any combination to attempt to control the convention," Borah told the Idaho delegation at his Cleveland hotel headquarters.

He had talked the possibility over with his loyal Idaho delegation.

Future Unsettled.

"They are willing for me to become the spearhead of a (stop) drive," he said with a trace of plaintiveness, "but they say nothing about what will happen to the opposition has been destroyed."

Crowds in the hotels were increasing hourly as almost the

## Esckridge Partner Tells of Actions on Day of Killing

**EXPERT TESTIMONY ON INSANITY IS EXPECTED TO CLOSE DEFENSE**

HOUSTON, June 8.—(P)—Testimony that Rex Edgar Esckridge was laboring under the impression his life was in danger the day Police Chief Ed O'Reilly was shot to death at Orange was heard at the preacher's trial today as the defense sought to bolster its plea of temporary insanity.

Clarence Keown, Orange oil man, testified that he talked with the minister the day of the killing, May 29, 1935, and that he heard Esckridge say:

"Today is my day of execution. I'm going to stay and take it like a man."

The witness said he tried to quiet the minister.

"I got him to go with me,"

## Roosevelt Refuses Commute Sentence of Arthur Gooch

WASHINGTON, June 8.—(P)—President Roosevelt today refused to commute the death sentence against Arthur Gooch, Oklahoma kidnaper, to life imprisonment.

Gooch is under sentence to die on the gallows June 10 for kidnapping law officers.

Gooch made a plea for executive clemency after a futile appeal to the supreme court.

He was accused of kidnapping two police officers, injuring and threatening them.

As customary in such cases, word of the president's decision came in a terse announcement by

**Y.M.C.A. MEMBERSHIP CAMPAIGN TO OPEN TUESDAY MORNING**

The 1936 Y. M. C. A. membership campaign will be launched Tuesday morning with an "early birds' breakfast" at 7:45 in the gymnasium, at which time cards will be given the workers, and the first report meeting will be at 12 o'clock at a noon luncheon, at which club he is a member. It was announced today by those in charge of the arrangements.

Sydney Marks, Corsicana merchant, is campaign manager.

In addition to checking up on the morning's results at the noon luncheon, Tuesday an inspirational address will be made by Millard Heath, Dallas, executive secretary Goodwill Industries. Mr. Heath has recently been chosen as speaker of the Kiwanis, Dallas, of which club he is a member. He is actively engaged as a volunteer layman in Dallas Y. M. C. A. work, and assisted in the Dallas campaign this year, in which \$40,000 was secured.

Members of the Lions, Rotary and Civitan clubs will meet with the Y Workers and officials at Tuesday's luncheon, which meeting is to replace their regular weekly luncheons.

The campaign will continue through Wednesday, June 10.

## Odd Fellows of Tarrant County Visit Home Here

**CONGRESSMAN FRITZ G. LANHAM, FT. WORTH, PRINCIPAL SPEAKER**

Members of the Tarrant county Odd Fellows and Rebekahs Association made their annual pilgrimage to the I. O. O. F. Home in Corsicana Sunday afternoon and after a tour of inspection presented a special program in the school auditorium with Congressman Fritz G. Lanham of Fort Worth and Adjutant General Carl Nesbitt of Austin as the principal speakers.

A concert was presented by the Odd Fellows Home band under the direction of Joel C. Trimble before the program. Superintendent C. B. Couch called the meeting to order and expressed the appreciation of the children and officials for the interest shown by the Tarrant county members of the order who make the pilgrimage an annual occasion, and expressed disappointment that more were not able to make the trip. About 150 members of the association were in attendance.

Tom Bunch Presided.

Tom Bunch of Fort Worth, president of the county association, was then presented as master of ceremonies and called on various persons for short talks, including Mrs. Meadowbrook, vice-president of the association; Mrs. John A. Kee, vice-president of the

## NEGOTIATIONS UNDER WAY TO END BREACH THROUGH PLATFORM

**MONETARY AND CONSTITUTIONAL PLANKS APPEAR MOST CONTROVERSIAL**

By NATHAN ROBERTSON

Associated Press Staff Writer.

CLEVELAND, June 8.—(P)—Back stage negotiations were under way today to prevent a widening breach of sentiment over the republican platform from developing into a battle on the floor of the national convention.

With Senator Borah arriving, his capstone views were thrust into the opinions already swirling about proposed monetary and constitutional planks.

Even before he left Washington, the Idaho candidate for the presidential nomination spoke out against proposals to pledge the party to a return to the gold standard and a constitutional amendment to permit state legislation on minimum wages.

Both these issues threatened trouble for the platform makers. But they had plenty of other worries over such controversial problems as far relief, the tariff and administration of unemployment relief.

Center of the platform negotiations was the headquarters of forces for Gov. Alf Landon of Kansas, the leading candidate for the presidential nomination. But platforms, and proposals for planks, were circulating in every

## ICKES CHARGES THAT HEARST TO BE "ABSENTEE BOSS" GOP CONVENTION ACTION THIS WEEK

WASHINGTON, June 8.—(P)—A New Dealer's charge, and a quick denial, that William Randolph Hearst would be the "absentee boss" of the republican national convention, echoed today across the fast-moving political scene.

Secretary Ickes, in an address broadcast last night as the last of the convention delegates converged upon Cleveland, declared that the republican standard bearer had been picked in advance by "substantially the same interests" that supported Warren G. Harding for the presidential nomination.

An authorized statement of the publisher's position quickly described Ickes' "whole broadcast" as "rather absurd," and said "the remarks about Mr. Hearst are particularly vaporous."

Ickes said the views of William Allen White, Gifford Pinchot, and Frank Landan, would be disregarded, and that "as the discoverer of the principle of the national convention, I echo today across the fast-moving political scene."

Secretary Ickes, in an address broadcast last night as the last of the convention delegates converged upon Cleveland, declared that the republican standard bearer had been picked in advance by "substantially the same interests" that supported Warren G. Harding for the presidential nomination.

An authorized statement of the publisher's position quickly described Ickes' "whole broadcast" as "rather absurd," and said "the remarks about Mr. Hearst are particularly vaporous."

## FUNERAL SERVICES FOR W. H. JACK, SR., SUNDAY AFTERNOON

Funeral services for W. H. Jack, Sr., aged 78 years, well-known attorney here, who died in St. Paul's Hospital in Dallas Friday night, were held from the First Methodist church Sunday afternoon at 4 o'clock with interment in Oakwood cemetery. The rites were conducted by Rev. T. Edgar Neal, pastor of the church, assisted by Rev. W. R. Hall, pastor of the First Presbyterian church.

Mr. Jack was a native of Mississippi, but has been a long-time resident of Texas. Prior to moving to Corsicana about 30 years ago, he had been a practicing attorney in Kaufman for a number of years. He had been a life-long member of the Methodist church.

Surviving are his wife, Mrs. Kessie Jack, Corsicana; three sons, W. H. Jack, Jr., Dallas attorney; Cecil S. Jack, St. Louis, Mo.; and J. C. Jack, Johnsville, Pa.; daughter, Mrs. Mattie S. Dill, Dallas; eight grandchildren and three cousins, Mrs. J. S. Callicutt, Mrs. Julia Christian and Mrs. Lillie Ransom, all of Corsicana, and other relatives.

Active pallbearers were T. J. Walton, B. A. Jones, R. B. Mitchell, Dr. E. E. Sanner, E. E. Bachers, Boyce Martin, J. S. Haskins and Judge C. L. Jester.

Honorary pallbearers were Dr. E. H. Newton, Dallas; Dr. W. G. Gibson, Dallas; Andy Brown, Dallas; R. E. L. Sanner, Dallas; J. C. Sanner, Dallas; R. B. Price, Dallas; J. D. Dillard, Wichita Falls; Judge J. S. Callicutt, Judge C. E. McWilliams, members of the Newberry County Bar association and friends of the family.

The funeral was directed by the Sutherland-McCammon Funeral Home.

## PROLIFIC TOMATO VINES MAY BE SEEN IN LOCAL GARDEN

Vegetable garden fanciers have often gazed upon the seed catalogue of prolific bearing plants of various kinds, and especially to tomatoes, where there are great clusters of this luscious vegetable—or is it called a fruit? But usually their personal planting turned out far inferior to the pictured plants. However, there is one Corsican who may well sit back and declare he has gone the catalogue pictures one better. Probably the reader is wondering what the writer is trying to say. It is just this.

In the garden of B. R. Chiles, just south of his home at the corner of South Thirteenth street and West Ninth avenue, right next to the sidewalk where they are visible to all passersby, are many tomato plants, grown large and tall and supported by large posts, and these plants are literally loaded with great clusters of tomatoes. Some are small, others medium size, others large and still others ripening. The writer counted 27 large tomatoes on one plant, and there are probably others with even more.

It is well worth driving down Thirteenth street to view these tomato plants loaded down with large, ripening tomatoes. Mr. Chiles planted and cultivated these tomatoes and is—and has every right to be—very proud of the turnout.

## Attended Church Meeting New York

G. W. Jackson, well known local negro educator, recently returned from New York where he attended the general conference of the A. M. E. church.

An unusually interesting and educational meeting is reported by Jackson which was attended by about 1,000 delegates, not only from the United States but from numerous foreign countries.

"It is estimated the membership of this church totals over 700,000 with some 7,000 ministers and over 6,000 churches, representing property valuations of several millions of dollars," Jackson said. "There are now sixteen bishoprics on the bench, two sent to Africa and fourteen in this country and the island possessions," he said.

"The conference, which was addressed by a number of prominent men, closed its work in two weeks," Jackson pointed out.

Jackson took occasion to compliment the railroads for the ample accommodations provided for the delegates.

**Rice 4-H Club Girls.**  
"Parsley and mint make a very attractive garnish for salads," Miss McNabb explained to the Rice 4-H girls at the Methodist church Friday morning, June 5.

Parsley and mint both can be grown near the back steps, thus it forms a lovely appearance, and is also easy to gather. Being easy to get, it will tempt the owner to use more often. Attractive dishes help us to develop a taste for things which we do not like so well but which we need for our health.

Marjorie Harper, Frances Pollan and Dorothy Majors brought prepared tomato dishes which were scored as to the general appearance, flavor, texture and color. All these dishes ranked very high. Salads should be put in a suitable and convenient container for serving. The texture should be fine—no large overgrown peas, beans, or leaves in vegetables, or tough gristles in meat. If cooked they should not be over or under cooked.

We discussed the goals we are to attain. We are to add one piece of bed linen as needed. This may be made or bought. These goals and a few more are to be completed by November.

There were seven members

**VII**  
**Quilant Remedies and Superstitions**  
Among the curious superstitions held by the early settlers of Texas was their belief in mad stones, a kind of light-colored, porous rock out of the stomach of a white deer. Applied to a hydrophobic wound, the stone would stick on for twenty or thirty minutes and then drop off, showing that the poison had been extracted from the wound. For indigestion, the sovereign cure was made by boiling the dried lining of a chicken gizzard. The early settlers always planted sunflowers around the house as a preventative of fever; and when the fever sometimes came despite the sunflowers, they administered the bark of redoubt tree as a substitute for quinine. The panacea for warts was to steal a neighbor's dish rag and rub the warts with it and then bury the rag under a peach tree. For sties, the rhyme "stay, stay,

leave my eye and catch the first person who passes by" was in universal use. For stammering, the best cure was to rub the victim's face, especially near the mouth, with the lights of a freshly-killed hog. And all of our ancestors wore lumps of asafoetida around their necks to ward off diseases in general. This, along with red flannel underwear—the color was thought to be especially conducive to good health—undoubtedly laid many an evil spell.

The settlers believed in joint snakes and hoop snakes, many an old settler declaring that he had seen snakes unjoint and then join up again. Here is the testimony of one concerning a hoop snake. "He curls himself into a hoop, takes his tail in his mouth, rises up like a wheel, and here he comes—hell-raising."

It was the belief that the "snake would straighten himself with his tail foremost, which he drove like a spike into his victim. He was

**HONEST ADS.**

The movement for truth in advertising began twenty-five years ago. The anniversary was observed recently by the Advertising Federation of America with a special program. There were speakers from many sections. All of them stressed the tremendous gains in the success of advertising and the satisfaction of the public that the movement has brought.

Fifty years ago, said one of the original advocates of honest ads, all advertising was looked upon with suspicion. The field at that time was mostly occupied by frauds and swindlers who always found plenty of gullible victims but who, at the same time, drove off throngs of intelligent buyers. The public had its doubts about the sincerity of the advertising men who, at a convention in Boston in 1911, pledged themselves to organized reform in their line.

That skeptical attitude has changed as advertisers have learned to set forth facts attractively, to interest readers with true information and clear statements. Pressure and balldoo have not been entirely eliminated, but only honest claims are made by responsible advertisers. Everyone profits from this reform—the consuming public, the advertisers themselves, and the papers and magazines which carry the ads.

**AMERICAN YOUTH**

There is quite a little talk of a "youth movement" in this country, especially among high school and college students. Inquiry, however, seems to make it doubtful whether there is any definite movement among the young people except the almost universal effort to get jobs.

Much has been said of the "lost generation" arising since the war, and especially since the depression. It was from such a generation that the rowdy legions of Hitler and Mussolini and lesser tyrants were recruited. Is there anything in America comparable to it?

Those European youngsters knew they were lost. They were jobless, ignorant and hopeless. Naturally they were easy prey for ambitious and unscrupulous or crack-brained leaders. They fell easily into violent schemes for revolution, whether Fascist or communist, which may leave them more hopelessly lost than ever.

The victims of our American depression have been less ignorant, more steady, more hopeful. They have endured the depression, with all its wretchedness and heartbreak, better than might have been expected. Now they are beginning to find themselves.

Our own "youth" movements, such as they are, propose no revolution, whether of the right or the left. Our young people's political and economic thinking seems pretty much like that of their parents. Publicly and privately, more and more rapidly, they are now getting a start. Before long they will be running the country, and running it, in all probability, according to American ideals of progress, practicability and fair play.

The railroads say the I. C. C. was "capricious" in lowering passenger fares. M e b b y so. Passengers thought the railroads were capricious in raising 'em.

**GOOD TO BE HOME.**  
When I'm done with the din and  
the bustle of day  
With time enough left with the  
children to play,  
And the tea table sings  
Of familiar things  
And the smell of the dinner is  
fragrant and sweet  
And I've brought back an appetite  
eager to eat,  
I turn on the lights in the dining  
room dome  
And I say with a sigh: "Oh, it's  
good to be home!"

When the buying and selling and  
bickering stops  
And the shutters and curtains are  
drawn in the shops,  
And I get back once more  
To that wide open door  
With my chair in the corner and  
books on the shelf,  
Where I don't have to pose and  
can be just myself,  
As I throw back my hair with the  
family comb  
I say with a sigh: "Oh, it's good  
to be home!"

When the dog wags his tail as I  
come through the door,  
And the children race in for a  
rump on the floor,  
When there's still a tough day  
Round the garden to stray  
And see how the roses are doing  
out there,  
I seem to forget the annoyance of  
care.  
In that hour of contentment that  
comes with the gloom  
I say with a sigh: "Oh, it's good  
to be home!"

**THE REALTY BOOM**

The real estate cycle, according to Roy Wenzlik, a St. Louis expert, is 15 to 20 years. Because it is longer than the usual business cycle, people are less familiar with it and knowledge gained in one cycle is not applied in the next. A new cycle, he finds, began in 1933, and in a book on "The Coming Boom" he tells people what to expect. Right or wrong, it is interesting.

General business, he finds, is rapidly improving. With larger incomes, more employment, more marriages, and a return of people from country to city, the demand for property revives. The housing shortage now developing may soon be acute. New building takes time. Hence will come a sharp rise in rents, higher income return from property, and higher values. Plentiful mortgage money at reasonable rates will help.

The beginnings of a building boom are already perceptible, but it will take several years to make up the shortage. Early in the 1940s, perhaps, people will be scrambling to buy real estate as they were in the 1920s to buy stocks. People then will not recognize that the buying scramble is irrational and temporary; they will expect it to last indefinitely, with no limit to prices.

Stages expected: First, a housing shortage lately observed; second, a residential building boom, now starting; third, a commercial property boom, arriving in 1943 or 1944; then gradual subsidence.

All this is cheering to real estate owners—especially those who bought during the last boom and are now hanging on painfully and waiting for a chance to get their money back.

**PERVERTED PATRIOTISM**

The forces of law and order in Michigan and neighboring states are engaged in a stern campaign to expose and root out a strange secret group of night riders whose recent activity has centered around Detroit. Members of the order are accused of beating, flogging and killing citizens of whose conduct they disapproved. Revelations are even more startling than those concerning another group in Florida.

The exposure of ritual, procedure and mentality represented in this terrifying brotherhood are startling. Strange, cruel and intolerant enthusiasts turn so many accepted principles of civilization and citizenship inside-out and upside-down. The sadistic outlaws really seem to imagine that they are good Americans.

A representative of the order referred to blandly describes it as "primarily a pro-American organization." Patriotism, with a t crimes are committed in thy name!

With scientists learning how to transmute metals, maybe our government can soon change all its silver into gold. But what would we do then for dimes and quarters?

**IL DUCE PURRS.**

With Ethiopia in the bag, Mussolini wants to make up with Great Britain. He has been purring in his recent references to that country, against which he was lately snorting flame. His ambassador at London has made new efforts for reconciliation.

Mussolini has achieved his present objective. His foreign campaign distracted his people's attention from the conditions at home, their terrible poverty and unemployment. It lessened the number of the idle through military draft and fed the deathless desire of the Italian people for military glory. Now, though Italy is economically exhausted and virtually bankrupt, he can probably borrow money from foreign bankers to develop Ethiopian resources. If he can turn up natural wealth of real value there, and realize on it quickly, he may yet save his Fascist system from collapse. For this he needs peace.

It is all a desperate gamble. His "corporate state" so far, according to reliable reports from outside investigators, is a failure. It has not merely destroyed Italian freedom. It has destroyed the Italian middle class and reduced the working population to a level of subsistence hardly conceivable in America. There are grand public works, but the people cannot eat them. His immediate future hangs on peace and financial credit. Lack of either would probably mean short shrift for Fascism.

**UBIQUITOUS BROADCASTING**

The efficiency of the radio-equipped police car is to be greatly increased by two-way communication. The first demonstration of the new equipment was held recently at Schenectady, N. Y., with British and American police officials participating.

The occupants of two, possibly more, moving cars may communicate with each other or with a station, regardless of their position. They send as well as receive messages.

The usefulness of such an arrangement would not be limited to police pursuit of lawbreakers. It is to be hoped, however, that not too many private citizens will install the sending equipment in their own cars, or the air will become so full of voices there will be no peace and quiet anywhere.

**STATE-OWNED BABIES**

The most widely publicized babies in the world—of course the Dionne quintuplets—are also publicly owned and operated. This fact is emphasized by the latest news of their business affairs, revealed by David A. Croll, minister of public welfare for the Province of Ontario, who by virtue of his office is the babies' business agent.

At the age of two years they have more money in the bank than all their French-Canadian relatives together ever dreamed of possessing. They have supported themselves, their parents and their brothers and sisters, kept an expensive private hospital going, provided a fair salary for Dr. Dafoe, and at their present rate of earnings should soon have enough to keep them all in comfort for the rest of their lives.

They have accomplished this by dignified and ethical advertising methods, through the government of Ontario, which arbitrarily took them away from their parents soon after they were born and established a public guardianship for them.

Here is a notable case, perhaps the first of its kind in America, of children being "nationalized" or taken over by the state. Their parents objected, and still object, to the alienation. It seems wise, as nearly everyone outside of their family acknowledges, for the government to do it. But the precedent is suggestive. How much public fathering of children will there be in the future, even in free, democratic countries like Canada?

**NEW MENTAL TESTS.**

Intelligence tests change as psychologists study the working of the human mind. Dr. Louis L. Thurstone of Chicago University offers a yardstick which may supplant present "IQ" methods.

He says the intellect has seven "dimensions" which may be measured separately. They have to do with numbers, words, sight, memory, language, mental speed and reasoning power. By testing for all these, it may be possible to obtain a more accurate knowledge of a person's abilities, with more successful planning for education and life work.

Educators have learned that not every child is adapted to the same kind of training. Employment directors have learned that not every adult is adapted to the same kind of work.

**SEVERAL VACANCIES IN ENGINEER CORPS; INFANTRY RECRUITS**

Jack J. Wilkinson, sergeant in charge of the local recruiting station, received a small quota for engineers for Fort McIntosh, Texas.

The corps of engineers is both a combatant and technical arm. The army engineer is first of all a soldier. He can march, ride, fight and shoot with the best, and it is also an arm of trades of many kinds. A man who is financially unable to attend school and who is ambitious to prepare himself for a suitable vocation will find an enlistment in the corps of engineers of tremendous advantage.

The engineer school for enlisted men is maintained at Fort Humphreys, Virginia. Enlistments for the past week are as follows: Clifton G. Cardwell, Corsicana; Woodrow A. Drake, Trinidad; Robert B. Lyles, Dawson; James L. Crocker, Kerens; Reece W. Wilcox, Emhouse; Floyd L. Miller, Malone. These enlisted for infantry and field artillery for Fort Sill, Okla.

The ideal test is one which will discover early the type of education and job in which an individual will do his best and most useful work and be happiest.

**DEPT. AGRICULTURE PREPARES FOR WIDE PROGRAM ACTIVITIES****NUMEROUS PLANS PROVIDED WITH FUNDS; HIGHWAY FUNDS APPROVED**

WASHINGTON, June 6.—(AP)—Its appropriation bill signed into law, the agriculture department prepared today for the far-reaching activities of the fiscal year beginning July 1, for which \$395,304,696 is provided.

President Roosevelt signed the measure yesterday and with this final action there remained but four of the session's 11 money bills still unapproved.

The agriculture bill provides for such activities as forestry work, control of insect pests (a cattle ailment) and the weather bureau's aviation service as well as funds for the soil conservation service.

Left out of the bill was a \$1,000,000 item to control planting the Midwest shelter-belt, as recommended by the budget bureau. The house had refused the request, the senate restored it, but conferees allowed only \$170,000 to liquidate the project.

Also provided for is the 1937 highway program, including \$125,000,000 authorized in new contracts under the old Hayden-Wright act and \$60,000,000 for the payment of past contracts.

**OVER THREE AND HALF MILLION IN PAYMENTS TEXAS COTTON MEN**

COLLEGE STATION, June 6.—(AP)—Federal payments to Texas cotton producers for the 1935 growing season have been certified to the amount of \$3,678,000. It is shown in figures released this week by E. Rattan, acting administrative officer of the State Cotton Price Adjustment Office with headquarters at Texas A. and M. College.

The payments are included in 104,816 applications the office had certified through Tuesday, June 2. They are being made under terms of an Act of Congress passed in August, 1935.

"Reduced to simpler factors," Mr. Rattan said, "those payments netted the Texas producers represented an average of slightly more than 45¢ a bale." The cotton price adjustment payments include the 104,816 certified applications are on a total of 735,592 bales of 475-pounds net weight each.

Mr. Rattan estimated that a total of 250,000 applications for payment will be filed by Texas farmers. Producers will be eligible for the payments on cotton they produced in 1935 provided it is sold before Aug. 1, 1936 and their applications are filed prior to Aug. 15, 1936. Certification of applications is proceeding at the rate of about 4,000 daily, he said.

**FORMER CORSICANA RESIDENT IS BURIED HAMILTON CEMETERY**

Mr. Balcomb left Thursday with their household goods and will turn Sunday for his wife and adorable little son, Barrie.

Mrs. Balcomb was extended a number of lovely parting social courtesies by her friends, and both Mr. and Mrs. Balcomb were honored on several occasions.

Last Saturday night they accompanied Mr. and Mrs. Frank Moon, Mr. and Mrs. J. B. Keach, to Dallas for the dinner dance on Peacock Terrace at the Baker Hotel, a delightful Dutch treat affair.

**J. B. KEACH TO BE BURIED IN OAKWOOD FRIDAY AFTERNOON**

Funeral services for J. B. Keach, aged 68 years, who died at the family home, 1907 West Thirteenth avenue, Thursday morning at 11 o'clock, were scheduled to be held from the Church of Christ Friday afternoon at 4:30 o'clock with burial in Oakwood cemetery. The rites were to be conducted by J. L. Hines of Dallas, formerly minister of the local church of Christ, assisted by Leslie G. Thomas, minister of the church.

Surviving are his wife, a step-daughter, Irene Martin; a sister, Mrs. Love Lohr; three nephews, J. D. Lohr, Clyde Lohr, and L. B. Keach, all of Dallas. Corley Funeral Home directed the arrangements.

**Annual Short Course For Cottonseed Oil Men and Texas A-M.**

COLLEGE STATION, June 6. (AP)—More than forty cottonseed oil mill operators of Texas and Mexico are expected to attend their ninth annual short course to be held at Texas A. and M. College during the period June 8-13, inclusive. Besides their work with cotton seed, the short course students also will make some experiments with soy beans and peanuts.

The short course program will be designed to give operators with practical experience a better understanding of the theory involved. Much of the instruction will be given over to operation of a complete cotton seed oil mill and refining equipment which was presented to the college some years past by the Texas Cotton Seed Crushers' Association. Prof. F. P. Bishop, of the college department of chemistry and chemical engineering, will be general director for the course, and C. E. Rankin, of Kerensham, will supervise operation of the experimental mill.

**Rural School Supervisor.**  
GROESBECK, June 5.—(AP)—Miss Herietta James of Grand Saline, sister of W. E. James, first assistant state school superintendent, has been employed as rural school supervisor of Limestone county. J. J. Bates, county superintendent, has announced. Miss James will succeed Miss Georgia Hayes.

# CENTENNIAL AWAITS PRESIDENTIAL VISIT FRIDAY THIS WEEK

## BIG EXPOSITION STARTED OFF WITH BANG IN EVERY PARTICULAR

DALLAS, June 8.—(AP)—Dallas settled back with a sigh today after two days of the Texas Centennial Exposition had converted it into a continental carnival center and quietly awaited presidential inspection of the big show.

The presence of Mr. Roosevelt Friday was expected to send the turnstiles clicking more often than on opening day Saturday, when 117,625 pushed into the 200-acre fair.

With their sights on the 10,000,000 mark, the exposition officials announced last night the attendance was well past one-fifth the first million.

When the gates closed last midnight 87,801 had filed into the grounds. Addition of the figures of the first two days put the total attendance at 205,426.

The principal event was the unveiling of a bronze bust of Vice President Garner in the fair's amphitheater. The bust was the work of Mr. Elcestra Waggoner, Bowman of Fort Worth and New York.

"Cavalcade of Texas," portrayal in pageantry of Texas history, which was the fair's premier last night, was taken off the exposition calendar for several days. Officials who viewed it last night in private said additional equipment and more elaborate scenic effects were needed.

Civic and exposition officials laid elaborate plans for entertaining the president, who is expected to arrive in Dallas today. The principal planned activity will be to deliver an address in the massive Cotton Bowl.

To the exposition heads—The time of the speech—10:30 a. m.—presents difficulties. Expecting a record crowd, they braced themselves to the prospect of several frenzied hours as the thousands jammed into the stadium.

After the address, Mr. Roosevelt will make a tour of the show. Final details of the day's schedule were to be worked out today by Centennial officials and the reception committee.

On Secretary of Commerce Daniel C. Roper's schedule were visits to Houston, Austin and San Antonio before returning to Washington. The secretary formally opened the exposition Saturday.

## ROPER VISITING HOUSTON MONDAY; TO SPEAK TONIGHT

## SECRETARY OF COMMERCE PRAISES CENTENNIAL EXPO- SITION AT DALLAS

HOUSTON, June 8.—(AP)—Secretary of Commerce and Mrs. Daniel C. Roper arrived here at 7:10 a. m. today from Dallas where the cabinet member officially opened the Texas Centennial Exposition Saturday.

They will spend the day at public functions held in their honor by the Chamber of Commerce and other civic bodies. Mr. Roper will speak at the Chamber of Commerce banquet tonight.

Mr. and Mrs. Roper were accompanied by Col. Paul W. Wadfield, representing Governor Alfred; William B. Yeager of Washington, executive secretary of the United States Centennial commission; and Commander Mackey Lewis of the navy detachment at Dallas, aide to Mr. Roper.

Mr. Roper, in a brief interview, was high in his praise of the Texas Centennial Exposition.

"Very remarkable, indeed," he declared. "A real feat which probably would be called a miracle by the old days but when you think what Texas can do and does do, it is no miracle at all. I suppose this wonderful Centennial is just an ordinary event for Texas."

"The Centennial is intensely interesting to me. It is startling in its proportion, nationwide in its interest as a nationwide endeavor."

## Veterans Be Told All About Bonds On Thursday Evening

H. G. Gorrod announced Monday morning that a meeting of all ex-service men, white and colored, whether members of the American Legion or not, would be held at the courthouse Thursday night at 8 o'clock.

A. A. Allison, postmaster, will tell how the ex-service men can get their adjusted compensation certificates, now known as baby bonds. All details in connection with securing the bonds and cashing them will be explained.

cation in the general elections. It would be a healthy condition.

"Take this state where we are going to meet, Ohio, although it has been predominantly republican, it has been claimed as doubtful and it has produced five or six presidents. Now, look at my own state, Texas, which has about the same population. The best we ever done has been to produce a vice-president and that through a fluke."

If Texas hadn't gone for Hoover in 1928, the democrats would not have had to accept Vice-President Garner four years ago. They were afraid not to."

Charles A. Jones, national committeeman, from North Carolina, helped Cregar plan the session.

Nothing Settled Yet.

CLEVELAND, June 8.—(AP)—Senator Borah of Idaho reached this Republican convention city today with a comment to newsmen that "nothing has been settled yet" about the presidential nomination.

Borah traveled alone from Washington and was met by Carl Bachmann, his campaign manager, and newsmen.

The Idaho senator declined to discuss the convention outlook or his candidacy until after he had conferred with Bachmann and the Idaho delegation.

# 117,000 Jam Texas Exposition Opening

WEE VISITOR GETS FIRST RIDE—Mayor George Sergeant, of Dallas, and little Marcia Massmann christen the "Rocket Speedway," on the Texas Centennial Exposition Midway, then go for a first ride.

THOUSANDS SEE PARADE OPENING WORLD'S FAIR—A colorful parade, depicting the progress of empire from 1836 to 1886, opened the \$25,000,000 Texas Centennial Exposition Saturday. Thousands jammed Dallas to witness the spectacle, then flocked to the grounds. The photograph shows the championship Wilson Clydesdale horses drawing a covered wagon from "The Cavalcade of Texas," historical drama to be presented daily on the world's largest stage.

RANGERETTE QUILTS OPENING DAY—Helen Stamps, Texas Centennial Exposition Rangerette, flew 10-gallon hats to Washington for President Roosevelt's party to wear to Dallas June 12. June 8, opening day, she wired Exposition officials she had been hired as a New York photographic model.

ALLRED AND NEFF RELAX A BIT—Gov. James V. Allred found a bit of time to frolic on the \$5,000 Midway as he helped open the Texas Centennial Exposition in Dallas Saturday. He is shown here pushing former Gov. Pat Neff, now president of Baylor University, in a ricksha. Janice Jarratt, "Sweetheart of Texas," is in the other ricksha.

EXPOSITION OFFICIALS GREET HONOR GUEST—Secretary Daniel C. Roper is shown here as he arrived to officially open—in President Roosevelt's name—the Texas Centennial Exposition in Dallas. Left to right are J. D. Middleton, Congressman Hutton W. Summers, Nathan Adams, Secretary Roper, Callen F. Thomas, Governor James V. Allred, K. L. Thornton and Fred F. Florence.

CENTENNIAL SHAVER AT CENTENNIAL—His parents named him Centennial 60 years ago, when he was born, June 6, 1876. Sixty years later Centennial Shaver bought the first ticket as Texas Centennial Exposition opened in Dallas. Immediately behind him is Lowry Martin of Corsicana, often referred to as the "Father of the Centennial movement," and active in all preliminary and detail work of the big show.

NO RAIN FOR WORLD'S FAIR, INDIANS SAY—Threatening skies as the parade preceding opening of Dallas' \$25,000,000 Texas Centennial Exposition brought only laconic "No rain" comments from the Alabama-Coushatta Indians in the line. They were right.

BOAT CENTER OF FAIR FUN SPOT—An exact reproduction of the liner Normandie forms the front center of "The Streets of Paris," gay fun spot of the \$25,000,000 Texas Centennial Exposition which opened in Dallas Saturday. Flanking the ship is a French Village forming an air court of concessions.

GLOBE-CIRCLING VOICE—Secretary of Commerce Daniel C. Roper, in the name of President Roosevelt, formally opened the Texas Centennial Exposition in Dallas Saturday. His voice, circling the world by wire and air, two minutes later snapped the ribbon shown above and opened the main gate.

## PRESIDENT BACK AT DESK MONDAY; LEAVES TONIGHT

## ROOSEVELT WILL START JOURNEY TO TEXAS AND ITS CENTENNIAL

WASHINGTON, June 8.—(AP)—President Roosevelt remained in his White House study today, examining legislation awaiting his signature and preparing speeches for the Western tour he will start tonight.

His guests on the 4,000-mile trip, which will occupy a week and include addresses on historical subjects at Little Rock, Ark., Dallas, Texas, and Vincennes, Ind., are not all known.

Senator Robinson of Arkansas, the democratic leader, is certain to go as far as Little Rock with the executive, however. Vice President Garner will remain in Washington. Jesse H. Jones, chairman of the Reconstruction Corporation and a Texas, will accompany the President, probably throughout the tour.

Mrs. Roosevelt is expected to join the president's train at Memphis, Tenn.

Mr. Roosevelt conferred briefly

Rebekah assembly; Ernest Marchbanks, association treasurer; Marvin Shannon, blind noble grand of North Side Lodge, Ft. Worth; Mr. Walls of Grapevine, who announced that a quantity of canned goods would arrive for the home in a few days; deputy district grand master, Eugene Wood, of Lodge No. 251, Fort Worth; John A. Kee of Fort Worth, who called the attention of the children to the fact that President Franklin D. Roosevelt was a past noble grand, and that Vice-President John N. Garner and other high officials were also members of the fraternity.

General Nesbitt Here.

The presiding official then introduced Dick Kaufman of Fort Worth to introduce the special speakers of the occasion. He first introduced Adjutant General Carl Nesbitt of Austin, special representative of the governor.

General Nesbitt told the children that they were the losers because the governor could not attend, but that Centennial celebrations had prevented his visit at this time but promised to visit the home sometime after the first primary and spend a day with them. He said the governor had planned to reach the home Sunday morning with his wife and little son and spend the remainder of the day with the Odd Fellows.

He urged his young listeners to firmly imbued four principles in their lives including "Have a Purpose," "Keep Your Honor," "Do Your Own Work," and "Be Yourself." Illustrating each of the points with historical incidents, when he concluded his speech the children and other members of the audience gave him a great ovation, and demanded more speech. In responding to the tribute the congressman told the children "They were the seed corn for tomorrow's crop, and they must be made right," and that if they would follow the outlined principles they would be a credit to the order which had the pleasure of serving them.

At the conclusion of the program, the children were guests of the association for cake and ice cream and other refreshments. The party stopped at Ennis for a short visit at the Old Folks home on their return to Fort Worth.

hotel lobby. Almost every delegate had one in his pocket.

Strong support for a plank advocating a constitutional amendment on the minimum wage question came from the Landon Camp. Sympathy with the suggestion was expressed by former President Hoover, en route here. In some other quarters it found much outspoken opposition. Senators Vandenberg of Michigan and Dickinson of Iowa, both presidential possibilities, were critical.

"I am not for rushing to amend the constitution every time something happens," Vandenberg said.

Borah was even more emphatic. "I am not in favor of committing the party to a constitutional amendment covering the minimum wage decision," he said, referring to the supreme court's invalidation of the New York minimum wage law for women.

The Hearst statement said that the publisher supported Hiram Johnson for president in 1920 and "vigorously" opposed Harding's nomination.

Of the publisher's activity in the current campaign, the statement said:

"Mr. Hearst believes today that Governor Landon is the choice of a definite majority of the Republican voters x x x and that Governor Landon should therefore be nominated. Mr. Ickes obviously believes this also, otherwise he would not be working with the reactionaries in the Republican party in the attempt to prevent Governor Landon's nomination."

## HOLLYWOOD'S SHAMPOO.

## SHAMPOO A LA HOLLYWOOD

Miss Forbes describes the shampoo by which last year's blondes become this year's red heads which is the newest craze among the Hollywood actresses.

One of the newest things in Hollywood this spring is the brightening shampoo, which so many of the film people are using. Those with it h blonded and platinum hair are doing it to get away from the inevitable drabness produced by strong bleaches plus exposure to hot sun. Both dry; the sun even more than might be an intelligently used bleach.

E. K. Forbes

The result of the shampoo on the blondes is either the honey-blond, a color which explains itself, or the strawberry blonde, result of more henna (for this is the basis of the shampoo), used for a longer time. So, if you want to imitate the film columns and make your hair a most attractive shade, try this henna preparation. In Hollywood, of course, here are some dozens of preparations, with fancy names and claims, but actually the basis of any of these is henna.

Get yourself an ounce of powdered Egyptian henna; it is dirty, nasty looking stuff of a greenish-gray color, with a curious odor. Then either mix it with powdered castile soap or else melt your castile in boiling water to make a soap jelly and add the henna to this. You want two ounces of the plain soap first on the hair, to give it a good cleansing. Then use the powder or jelly, lathering it over the hair, and working it all through every part of the hair. Keep this lathering up for four to seven minutes, depending on the richness of shade you want and also on the way your hair takes color. Soft, dry hair or bleached hair will take it much sooner than oily, coarse hair. You must experiment on yourself.

## Vandenberg Will Not Be Candidate Vice President

WASHINGTON, June 6.—(P)—Senator Vandenberg of Michigan announced today that he would not accept the nomination as a republican candidate for vice-president.

In a formal statement, the senator said he thought he "could be a greater service in active labors on the senate floor than on its silent rostrum."

"I have been complimented by generous suggestions that I may be available for the republican vice-presidential nomination. 'Without presuming to anticipate any such improbability, I think I owe it to my friends to state in advance and with finality that I would find it impossible to accept such an assignment."

Vandenberg will be among those placed in nomination for president at the Cleveland convention.
